

Dr. N. MADHURI PARTI is a visionary and futuristic educationist. She has a vast experience in setting schools, has started and led various schools and played a vital role in the evolution of the learning experience. She has been with Educomp and Shri Ram Schools as a Group Director. She has spearheaded Lakshmipat Singhan Education Foundation and Aravali Global Foundation. Currently, She is strategic head with Cyboard School where she is utilising her knowhow of education and technology thus leading education into a new era

With an experience of over two decades she has been actively involved in building learning environments, developing out of the box curriculum and promoting experiential learning. She has brought a paradigm shift in the learning framework and executed the 21st century learning methodology, which includes collaborative learning adding creativity, innovation and honing the critical thinking and problem-solving skills of students. She has got the credit of bringing quality circles and design thinking into the school curriculum. She has trained over 10000 students with problem solvers tools of QC. She has taken her students to USA, Singapore, Sri Lanka, Mauritius and many other parts with their case studies. She is a pioneer in bringing QC concept to the young minds

She is focused on producing creative and innovative thinkers by providing key insight for educators, Parents & Students. She has trained over 10000 teachers, over 2000 school leaders and over 600 employees from various co-operatives within the country and globally. She is a left brain and right brain trainer who has founded the bump to baby co, where she trains moms to bring a new generation which is more grounded and can handle life better.

She is an author, a writer and a blogger. She works for various social causes under the umbrella of Rotary International. The concerns are Teach India Generation, Polio and the youth.

She has been honoured at national and international levels – She has been the vice president of QCFI Delhi chapter for consecutive 6 years
